

Tivoli Revive black/black

From wake-up call to lullaby, Revive fits in with your style. On a nightstand, desk, or anywhere you want to listen to music and/or charge your phone, Revive eliminates the clutter of cords and accessories.

Sound

The Revive speaker plays bigger than its size. With a full-range speaker and Class-D amplifier, this speaker supports high-quality Bluetooth audio playback. Swivel the speaker up to 15 degrees to the right or left to adjust the direction of the audio.

Connectivity

The unit features Bluetooth for easy pairing and playback, as well as an auxiliary input for analog cable connection to other audio sources. A USB charging port is also available.

Operation

The Revive features simple button controls for power, Bluetooth pairing, and volume. Adjust the LED lamp in four brightness levels using the touch-sensitive button built directly into the Revive's wooden base.
