Availability varies depending on model

4K standard model that combines high reliability with 24-hour continuous operation and expandability to meet diverse needs

■ Main Features

4K PROFESSIONAL
Actual resolution: 3840 x 2160p

24/7 Operation

USB 4K Media Player

Portrait

intel smart display module ready

01 | *Excellent Visibility*

Displays clear images with stunning 500cd/m² Panasonic 4K quality. With a wide-viewing angle, it is an excellent choice for signage applications and conference rooms.

02 | *Superb Flexibility & Reliability*

Supports both vertical and tilting installation and 24/7 continuous operation. Equipped with a Wi-Fi function and web browser to enable you to connect websites and update signage without an STB.

03 | *Wide Expandability*

Equipped with the new Intel® SDM specification slot standard. Function boards including PCs can be attached. Meets a wide range of applications, not just signage.

Check the specifications of the function board before mounting.

Enables long-term operation of detailed high-resolution content

The SQE1 Series clearly displays small characters with high-resolution 4K images, and is equipped with a wide viewing angle panel that offers little color changes even when viewed from angled locations.

Supports Intel® SDM Specification Slot Standard

intel. smart display module ready

The SQE1 Series is equipped with the Intel® SDM specification slot standard that supports 4K signals. Combined with the interface board, you can easily add various interfaces.

Standard equipped with a wide range of terminals. Meets a wide range of applications

Equipped with a DisplayPort input and output and Wi-Fi to enable wireless transmission with a PC. In addition to storefront signage, the SQE1 Series meets a wide range of applications such as a conference monitor and surveillance monitor.

* Image is simulated.
