Loewe **stellar**

The craft design TV with Loewe dual channel dr+ and Vidaa

High performance OLED modules designed, engineered and tailored by Loewe in Kronach

Dual channel dr+ system with twin triple-tuner and SSD for multi recording

Full support of HDMI 2.1 and Ultra HD @ 144 Hz VRR for high-speed gaming

Rich variety of smart streaming apps and VOD services with Vidaa OS

Powerful integrated sound bar for superior audio performance

Optional ultra-slim wall mount or motorized floor stand

Sophisticated design with real materials and magic moments of light and motion

LOEWE. was established by the Loewe brothers as Radio Frequenz GmbH in Berlin in 1923.
Today we still design, develop and produce consumer electronics – Made in Germany.

Loewe **stellar (vi)**

The craft design TV with Loewe dual channel dr+ and Vidaa

Home-made OLED modules

The latest generation and technology of OLED open cells with master black polarizer offer highest brightness and unparalleled motion picture performance in Ultra HD resolution.

The OLED modules are designed, engineered and tailored by Loewe in Kronach with alu-compound back-forming, massive alu frame and back-cover made of aluminum, concrete or lava.

Pre-calibrated in our factory and supporting Dolby Vision IQ, these displays meet all relevant filmmaker picture and colour standards for a perfectly natural and impressive reproduction of movie, TV and games.

Loewe dual channel dr+

Equipped with a dual channel chassis, double triple-tuners and a large SSD, the Loewe dr+ system offers multiple recording possibilities from EPG programmed recording to spontaneous timeshift functions.

Tuners for DVB-T2/C/S2 HD and an easy accessible CI slot support various reception and recording scenarios.

The Solid State Drive is perfect for video applications and both energy efficient, extra fast and absolutely noise-less for maximum comfort.

Vidaa OS

Loewe os9 based on Vidaa is a most convenient and fast smart operating system. The app store offers a curated selection of smart apps and a rich variety of video-on-demand services, including e.g. Netflix, YouTube, Disney+ and more.

The system is also compatible with advanced networking features: The support of dlna, Miracast, Apple AirPlay and Matter allow comfortable content sharing and control via the home network.

Flexible connectivity with HDMI 2.1 inputs including Ultra HD @ 144 Hz VRR ensures full support of latest game consoles.

Integrated sound bar and magic.light

Behind a high-gloss black spray-painted metal loudspeaker grill or special acoustic fabric in matt black, an impressive soundbar from 80 up to 300 watts fires directly to the front.

Framed in perfect harmony with the Loewe signature.ring and the Loewe magic.light - for a discretely welcome and farewell animation or an atmospheric illumination during movie watching.

Simply adjust it as desired in any colour of the rainbow, at different brightness and saturation levels, by the touch of a button on the Loewe stellar remote.

The dedicated Center-Input allows to apply Loewe stellar 77-97 as the important Center-Speaker in a multi channel home cinema environment.

Design craftsmanship

Sophisticated craft design and clever construction details from the in-house Loewe design and innovation studio.

Created with selected real materials like a four-sided brushed full aluminum frame in a diamond-cut shape, real glas-fiber enforced concrete or aluminum on the back panel and a rotatable table stand made of massive aluminum with a fine hairline-brushed finish. The real concrete back-cover gives each TV its unique fingerprint.

All connections are hidden, and all cables are well guided and hidden by the integrated cable management plus cable covers in the light grey rear cabinet. The solid VESA bolts support any mounting solution.

Sophisticated setup solutions

The Loewe magic.motion feature rotates the TV set on the motorized optional Loewe floor stand motor stellar by a touch of a button on the Loewe remote stellar up to 45° left or right - absolutely silently and smooth.

Of course the floor stand is also made of massive aluminum with a fine hairline-brushed finish. The optional floor2ceiling stand creates a spectacular free-floating 360° presentation.

The optional or in stellar 77-97 already integrated Loewe wall mount stellar allows an impressive display presentation closely attached to the wall.

Loewe **stellar (vi)**

The craft design TV with Loewe dual channel dr+ and Vidaa

Achievements

"The Loewe stellar 65 dr+ stands out for its elegant design and cutting-edge tech crafted in Germany. Stellar isn't just a television, it's a showpiece that transforms your space."
EISA, August 2025, about Loewe stellar 65 (model year 2025)
Best Product Award 2025-2026
PREMIUM OLED TV

"This television is a piece of furniture designed from all sides, which is characterised by aesthetics and a new design language and can be placed anywhere in the room."
International Forum Design, spring 2025, about Loewe stellar 83-97 (model year 2025)
iF DESIGN AWARD 2025

"The Loewe stellar 83 and Loewe stellar 97 televisions display their sophisticated aesthetics from every angle, thereby emphasising their positioning in the premium segment."
Red Dot, summer 2025, about Loewe stellar 83-97 (model year 2025)
reddot winner 2025

"The TV model stellar shines with latest display technology, powerful hardware and new design language which lift an OLED TV in new dimension."
International Forum Design, spring 2024, about Loewe stellar 42-65 (model year 2024)
iF DESIGN AWARD 2024

"The Loewe stellar is an OLED television that, thanks to the modular construction of its display module, offers a multitude of possibilities for material combinations."
Red Dot, summer 2024, about Loewe stellar 42-65 (model year 2024)
reddot winner 2024
